

Running the System Check

1. Go to www.riversideonlinetest.com/systemcheck.

This System Check should be run on all machines that will be used for testing. For best results, run the System Check during the school day when network traffic would be heaviest. At the completion of the check, you will be provided with information regarding the specific computer used and current internet connection information and possibly a list of potential issues that need to be corrected prior to testing.

Please enter the following information.

District:*

School Name:*

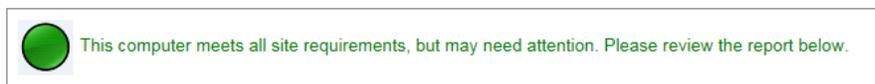

Lab Name/Room Number:

Station Number:

* Denotes Required Field

2. Enter the District: **A.C.E.**
3. Enter your School Name.
4. You may leave the next two fields blank.
5. Click **Run Check**.
6. When the system check is complete, a page will display with the results. A green circle indicates that the computer is capable of running the assessment.

7. If any areas are marked with red indicating a failure, read the explanation of the problem. Attempt to correct the cause of the failure, and rerun the system check. If unable to correct the cause of the problem, write down the message, and contact A.C.E. Technical Support at technicalsupport@aceministries.com or call 615-612-5288.
